LICENSING & REVIEW

Sir:

We, as joint inventors named in the above captioned patent application and the continuation applications of the above captioned patent application as listed on the herewith attached Appendix A, hereby declare with respect to the invention(s) described and claimed in the above captioned patent application and in the continuation applications of the above captioned patent application as listed on the herewith attached Appendix A that:

1. We made and conceived (a) the invention described and claimed in the above captioned U.S. patent application Serial No. 10/028,072 filed in the United States of America on December 19, 2001 and entitled "Secreted and Transmembrane Polypeptides and Nucleic Acids Encoding the Same" and (b) the invention(s) described and claimed in the continuation applications of the above captioned patent application as listed on the herewith attached Appendix A (henceforth the "Inventions");

2. We made and conceived these Inventions while employed by Genentech, Inc., 1 DNA Way, South San Francisco, California, 94080;

Serial No.: 10/028,072
Filed: December 19, 2001

3. These invention(s) are related to the work we are employed to perform (or were employed to perform, if no longer employed by Genentech, Inc.) and were made within the scope of our employment duties; that these inventions were made during working hours and with the use of facilities, equipment, materials, funds, information and services of Genentech, Inc.;

4. To the best of our knowledge and belief, these Inventions were not made or conceived in the course of, or in connection with, or under the terms of any contract, subcontract or arrangement entered into with or for the benefit of the United States Atomic Energy Commission or its successors: Energy Research and Development Administration or the Department of Energy;

5. To the best of our knowledge and belief, these Inventions were not made (conceived or first actually reduced to practice) under, nor is there any relationship of these Inventions to the performance of any work under any contract of the National Aeronautics and Space Administration;

6. We declare further that all statements made herein of our own knowledge are true and that all statements made on information and belief are believed to be true and further that these statements are made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that all such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
